

# Missions Conference

LA FAMILIA DENISON

## Taking the Gospel to Mexico

Bro. Jorge Rocha was our main speaker. He is one of the most sought after preachers for missions in Mexico & South America. He also preaches in the States. He was a blessing!

Jessica had the idea to decorate each room for a different country. The auditorium was Africa. The ladies of the church did good decorating. We thank the Lord for great attendance.

The oriental room. We also had an international supper with food for each country in the appropriate room. They really enjoyed it.

Israel and Gisela were a tremendous help during the conference as they worked in the Italian room.

This is the Mexican room with the kids teacher Lupita. It has been special to see her and her family grow.

We had Jorge Rocha, (next to me-Bearing Precious Seed), Bro. Ricardo, (Chile), and Bro. Lazaro, (Columbia). Our Faith Promise increased so we hope to be able to support these missionaries. Pray with us about this.

### New Building

The Lord blesses when the church gets involved in World Evangelism. The Thursday after the conference. after having a Bible study, we were lead to this building. It is much larger and in a great location on one of the main streets through Aguascalientes. We hope to rent the downstairs one day. This would be about \$1,000 US/month.

Our auditorium.

A man painted the entire church, inside, and didn't charge any for paint or labor. Another lady painted characters on the wall of the nursery area. Another family built the platform for cost of material. Others helped move, clean, repair leaks, set up, etc. What a blessing to see them get involved in their church!

Those of you who know Teresa are aware of how she wants the place to look nice and be a good representation of the Lord and of our church. Just pray that the Lord Himself will fill this place with newly saved Mexican people. "I will build my church;" Matt 16:18b
